NSW FORMULA FORD – A VERY GOOD DAY FOR BEN MORLEY

Photos by Jamie Morris - Mpix

Icon Motorsport driver, Ben Morley had a wonderful day at Oran Park Raceway for the 4th round of the NSW Formula Ford Championship. His performance has strengthened his lead on the points table (nine wins from 12 races this year) by picking up maximum points at Oran Park - Morley scored a win and two seconds in the three races. Rob Storey (who's not a Championship runner) won the first and third races which meant that Morley was able to maintain the gap ahead of his closest rivals.

'Rob was quick all weekend' said Morley 'but the aim now is to maintain the lead... I'm not going to throw away vital Championship points for a race win. If I have to settle for second then I will.' The car - #72 Spectrum 09B - is obviously running very well according to Morley, 'the Icon Motorsport Team is improving the car... everything is in good shape.' It wasn't quite so much fun for Morley's team-mate, Derryn Harrison who spun out twice and said that they'd gone into the round hoping for top 10
