

ICON NEWS FLASH - POWERHOUSE LOGISTICS SIGNS AS

2008 TYRE SPONSOR

Icon Motorsport is proud to announce that Powerhouse Logistics Pty Limited has agreed to be the 2008 Tyre Sponsor for lead driver Ben Morley's assault on the 2008 Ford Genuine Parts National Formula Ford Championship.

Powerhouse Logistics C.E.O., Mr. Peter Brueckner, commented that it was by agreement of his full management team that Powerhouse would again be involved in the exciting arena of motor racing with Icon Motorsport in 2008. This deal is particularly exciting for the Icon Team, as it was only through the spontaneous and last minute support of Powerhouse Logistics in 2007, that Icon was able to put Ben Morley in a national car for his one off drive at Eastern Creek in 2007.

Icon Motorsport team owner, Derryn Harrison, was over the moon with the announcement. "This provides us with another huge step to ensuring that Ben runs the full 2008 season, and also gives us another chance to show our appreciation to a the entire Powerhouse team!"

The deal comes at a particularly good time, given that rounds 3 and 4 will see the teams travel significant distances to both Melbourne and Darwin to compete on the V8 Supercar calendar.

Ben Morley and his Club Icon Spectrum 011c are currently running 2nd in this years championship, and are just 5 points adrift of the leader
